Are you wanting to get into the property market but don't want the headache of renovating, we have 3 bed, 2 bathrooms, 1 with separate toilet, full kitchen with new dishwasher and oven, fully Airconditioned open plan living and dining area, undercover carport area that doubles as a great outdoor area that's attached to the house, fully tiled roof which is great insulation from the heat, the property is fully fenced and colourbond privacy fence across the front. The block is a 1012 sqm and the owner had originally planned to build a detached duplex behind this property and has left room for that to still happen, or if you decide to build a shed there is plenty of room for that and a pool, it's a blank canvas ready for you to put your own touches too. This house also lends itself to being a great rental whether being short term or long term, also being close to hospital and schools and away from the main road is a plus. Get in quick as there are not many houses like this one in the area.
