In a quiet pocket of the highly sought-after Sovereign Hills Master Built Community, this very stylish, completely level and north facing home, offers a design and finish that will have huge appeal to families, investors and retirees looking to move in without lifting a finger. As soon as you step inside the wide timber front door, you are immediately impressed by the sophisticated interiors, deceptively spacious floorplan and superior finishing touches that set this home apart. Dual living areas include a formal lounge/media room to the back of the home and a very spacious, air-conditioned open plan living that leads to the outdoors. The trendy, kitchen provides a real focal point for family living and features stone benchtops, broad island, gas cooking and a walk-in pantry. Glass sliding doors lead out from here to a covered alfresco entertaining area, where there is plenty of room to host large family and friends. Unlike most newer homes, another great feature is the huge and completely private backyard, with plenty of space for the kids and pets to run wild. Back inside there are three generously sized bedrooms. The gorgeous master bedroom suite to the front of the home will be a massive hit, offering a walk-in-robe and a sizable ensuite. The two remaining bedrooms are complete with built-in-robies and are serviced by a large, luxurious family bathroom with high-end finishes. As if this wasn't enough, there is also a double garage, plus great side access for the camping trailer and boat. Extras such as plantation shutters, air-conditioning and contemporary hybrid flooring all complete the luxe feel of this home. Superbly positioned on a large block, with all-level living and close to shops, schools and very easy access to all the Mid North Coast popular spots, this is definitely not just another new home. So, we recommend an early inspection!
