\$956,000

If the essence of a village lifestyle is being able to stroll to your local cafes and shops and catch trains to the city in from a station that's within moments' walk, then this bright, inviting modern residence delivers pure village DNA. It's an address where immediate access to Hall Street, Newport station, Mason Street and the water ensures enjoyment – and the attraction is equally significant when you stay home! Dual sets of bi-fold doors link a light-filled north-facing living/dining area to a paved courtyard backdrop designed to make alfresco enjoyment easy. Timber floors, a beautiful feel and an open-plan kitchen featuring quality fittings and a breakfast/casual meals bar complement the downstairs picture. The luxury of natural light, a double shower, dual vanity ensuite and built-in robes distinguish a spacious main bedroom that shares the upstairs floor with a second bedroom, also served by an exceptional ensuite and its own built-in robes. Heating/cooling accompanies every room. Off street parking contributes ideal convenience. Live a village life, and love it.
