Grand architecture on the outside, and abundant living space on the inside makes the perfect family setting from a tranquil parkside position fronting Mulgrave Reserve. For the growing and intergenerational family, there's room here for young and old, with a ground floor guest bedroom and 3 lavish sized living areas as part of the expansive double storey floor plan. The family chef will relish the space in the kitchen, fully equipped with gas cooking, an Asko s/s dishwasher and generous cupboard storage – perfectly positioned for lovely garden outlooks and easy connection with the dining room. A contemporary family bathroom makes a visual statement in black subway tiles, with a freestanding soaker bath and wall-to-wall twin basin vanity. Prominent bay windows, scenic balconies, and a pitch roofed pergola overlooking the manicured gardens highlight the property's panoramic character. A unique indoor spa house serves as the perfect relaxation station or has potential as a garden house for orchid lovers. Featuring polished parquet flooring, central heating, evaporative cooling, a flame effect fireplace and double garage, close to shopping at Wheelers Hill, Brandon Park and The Glen, schools including Wheelers Hill Secondary and Caulfield Grammar, the new sports pavilion, off-leash dog park and the Eastlink gateway stretching from the city to the coast.
