Innovative by design, upscale in space, and located in the heart of it all, this is One with a view to the future. Positioned with a panoramic palm-fringed outlook to the Peninsula, this sizable single bedroom apartment promises ready rentability and livability for today... and a value-added lifestyle location guaranteed to reward well into the future. High above the cafes, restaurants and big brand shopping of Bay St. this hilltop position is just two blocks to the station, a 21 minute commute to the CBD, and well in reach of Brighton's blue-chip lifestyle, schools and beaches. Cleverly designed to maximise generous single-bedroom floorspace, with genuine room to lounge and dine plus space to entertain all year-round on a deep balcony- terrace, this elevated apartment is appointed in this luxury group's signature style with an elite Miele appliance kitchen (with gas cooktop and semi-integrated full-sized dishwasher), a glossy bathroom positioned as a virtual ensuite and a well-fitted European laundry. A showcase of quality finishes including premium Oak floors, thick stone benchtops, wide mirrored and dual e-screen and block-out blinds on full-height double-glazing, this reverse-cycle climate controlled apartment is accessed via video-intercom, and security lift from a basement carspace with storage. A secure lifestyle investment on this blue-chip strip, this superior single bedroom home offers the best of Brighton today...and a bright future tomorrow.
