\$550,000

This well built home was set into the Boisdale Street landscape in the late 70s and still stands as solid now, as the day it was built. A solid brick veneer home with tiled roof on 1011m², still in keeping with some of its features from the original build. A four bedroom layout with the bonus of two bathrooms and a large west facing lounge, built to take in the views to the mountain ranges. Open plan kitchen and dining area that adjoin the entertaining space for when friends and family come to visit. Both bathrooms have been renovated and service the bedrooms perfectly, with the updated laundry leading you out to the rear yard. The undulating yard has adequate shedding for your household goods with established trees providing cover for the gardens. This home is ready for the next buyer to put their own stamp on it and make it their own. Call our office for an inspection of this affordable home in a fabulous location in Maffra.
