A stunning 5-bedroom brick home right in the centre of Albany is sure to WOW those who love city living, harbour views, and appreciate level entry and good parking, exclusive so best to arrange a viewing by contacting Rita Mclean. The downstairs area is a renovated, fully self-contained flat, perfect for friends, family, or income, it has its own entry off Collie St with its own parking and is totally private from rest of the home, options for extra family or extra income. The rest of the double brick home has been fully renovated with a NEW kitchen, New Bathrooms, New Laundry, New floor coverings, & blinds, and being on a large block with level entry with large wheelchair friendly living spaces, and access to the deck, to enjoy the princess royal harbour views. (Much of the modernisation is still being undertaken) It features a huge family/games/dining room with ultra-high ceilings, reverse cycle aircon, and large sky light features, the timber floor has a piece sectioned off with new carpet for a large lounge setting, a stunning light fitting dominates the area above the dining setting, there is a glass sliding door that gives access to a small, secluded lawned yard, perfect for soaking up the sun or having a barbeque with friends. The new kitchen is done in fresh white tones, and has a double door dishwasher, 5 burner stainless gas cook top, + range hood, deep modern double sink, bin cupboard, plumbed in fridge, and roomy central island breaky bar, large drawers, pull out pantry, all set on timber look flooring. Enter the formal lounge/ theatre room thru the barn style door, this is a lovely large room with plush new carpet, and glass sliding door access to a balcony, and the best spot to sit and enjoy the town lights and harbour views. On this level is one double bedroom with built in robes, the renovated laundry and renovated bathroom with modern large grey tiles. This also leads to the main entrance and staircase to the upper level, although with the good parking and brick, powered double garage, the side entrance is most popular. Freshly painted walls and timber stairs lead to the upper level, where there is 2 bedrooms with built in robes (one is used as a study) further along is the freshly carpeted huge master bedroom suite, /parents retreat, a stylish modern wall paper adds class to the room as does the window seat, large built-in robes & there is a newly renovated ensuite tiled with white tiles to the ceiling with large grey floor tiles to match those on the lower level.... The master suite has a small Juliette style balcony where fresh air and water & city views can be enjoyed. On the exterior of the home there has been some crisp white render to the side wall to lighten and modernise the home. Being so easy to access, perfect for anyone needing a wheelchair and so open and roomy, modern and on a central R30 zoned 756m² paved block, this property must steal your heart. Highly recommended for a private viewing as there is so much to see and enjoy, Potential galore with the separate unit on lower level.
