Perched beautifully on the higher side of the peaceful Orchid Road, this empty lot boasts an awesome 2.16Ha (5.3 acres) of pure, untouched land in a super sought-after spot. All around, there's natural forest that gives the land that genuine tropical vibe the Whitsundays are known for. That means your future home will be all about privacy and serenity surrounded by nature's tranquility. The tough parts already been handled - there's a concrete driveway and electricity hooked up. Plus, there's a cleared house pad area all set and ready to be tweaked or made bigger - you decide, and it's ready for your dream home vision. And the space? Let's just say you can let your imagination run wild. You can build a house, throw in a cool pool, add a huge shed - all without sacrificing your privacy one bit. Oh, and the location is just spot on. You're a stone's throw away from schools, beaches, shopping, entertainment, and everything else you could need in Cannonvale and Airlie Beach. Contact Joe Bishop to view this fantastic allotment now as well as house plans available.
