This beautiful property lies just 13km from Denmark, and enjoys one of the most picturesque settings in the area. Consisting of 52 acres, and sitting high on the hills of Shadforth; this is Karri country at its absolute finest. Fantastic views of the coast from the windmills at Ocean Beach to Point Hillier in the West are available, along with majestic stands of Karri bushland, a permanent creek, two dams, and approximately 20 acres of pasture - as well as a stunning quality built rammed earth home. The home features a lovely entry hall with cloakroom, open plan kitchen/dining and lounge room with high ceilings and a slow combustion heater. The modern kitchen is complemented with granite benchtops, Smeg 5 burner gas cooktop, electric oven and Miele dishwasher. The spacious master bedroom with ensuite flows through to the large office/study which has potential as a third bedroom. Undercover parking for multiple vehicles is available with a single garage under the main roof with electric roller door, and space for another two vehicles in the 12m x 7m shed/workshop. Two 110,000L rainwater tanks provide abundant water to the home. Please contact Kim Barrow at Ray White Denmark on 0427 481 498.
