Quintessentially Milton....this gorgeous Californian Bungalow will capture your heart and transport you to a time of character and charm whilst embracing the modern convenience of a truly impressive renovation! Retaining all of her yesteryear beauty and yet with no stone left unturned, this home has been lovingly transformed with fittings, fixtures and fretwork that are sympathetic to the era, and complementary to the very essence of the 1920's style cottage. From the moment you cross the threshold into the welcoming entrance hall you will be enchanted by beautiful stained glass windows, picture and dado rails, polished timber floors and 9 foot ceilings complete with decorative cornices. The master bedroom has a WIR and a spacious ensuite. The second and third bedrooms are also located off the entrance hall, both of which have BIR's and all three bedrooms with air conditioning. Walk through to the living room with cosy slow combustion fire and plenty of space to relax. The use of stacker doors creates a second living area/dining room off the kitchen - perfect for entertaining. Pride of place in the new kitchen is a gorgeous SMEG freestanding 900m gas cooktop and oven with stainless steel rangehood. Tastefully done, the kitchen includes ample storage, timber bench top and dishwasher, all of which are complemented by another set of stained glass windows overlooking the back garden. Glass doors open out onto the covered entertaining area featuring timber decking and coach lights for added ambience and charm. Meander down the stairs to the studio or fourth bedroom which is situated under the awning and beautifully designed to complement the house. The courtyard area is completed by beautiful barn doors with stained glass providing access to the garage and workshop. With excellent side access, the huge garage and workshop provides stylish parking for cars, boats and caravans. To arrange an inspection of this exquisite piece of historic Milton, contact Kate Wise on 0404 413 866 today.
