Tucked away in the peaceful environment of New Beith, Queensland, the extensive property located at 127-163 McTaggart Road is a perfect fusion of rural allure and expansive living spaces. The property stretches across more than 41,130 square meters, as indicated by the survey plan, offering ample room for diverse applications. Designated as Rural Residential within the Park Residential precinct, this property serves as a serene escape from the fast-paced city life. Its zoning preserves the picturesque nature of the area while permitting residential developments that blend seamlessly with the environment. Ideal for those aiming to construct their dream residence or explore a spacious venue for their new project, this property is a blank slate for your creativity. Its substantial size and charming setting present a rare chance for potential owners or investors to craft something uniquely captivating in one of Queensland's scenic regions. Additionally, the property features a move-in-ready home with four bedrooms, two bathrooms, and a garage that can accommodate four cars. This existing dwelling provides immediate options for living or renting out, all while offering scope for further enhancements or developments in a peaceful, rural backdrop.
