Showcasing opulent proportions across its two levels and throughout its wrap-around grounds, this ultimate character home combines the warmth of large family living with the sophistication of Brisbane's best riverside lifestyle. An abundantly large fully covered deck flows seamlessly to the spacious level lawn, providing the perfect setting for large-scale entertaining and everything from poolside barbeques under the stately Poinciana tree, to starlit garden parties. The upper level features four of the five generous bedrooms, including the master suite, a study and a large family lounge room.
