A rare opportunity. A 3-bedroom brick home and 2-bedroom block rendered granny flat. Currently set up to operate individually – separate fencing, water, power, septic. Plus, on 2.98 acres in town, with town water – lots of options and opportunity. Do the Math – this is quite unique. Both would benefit from some cosmetic upgrades inside. The granny flat – separately fenced, garden shed, carport, front and back patio, 2 good sized bedrooms, open plan living, dining kitchen, laundry, separate toilet, and bathroom. The house – fenced separately, front veranda and side deck, carport, 3 bedrooms, 1 bathroom, separate toilet and separate laundry, large open plan kitchen, dining, and lounge. The acreage paddock is mostly cleared and backs onto a housing estate. Acreage neighbors and acreage blocks over the road over the road. Close to all town amenities.
