This spacious 263m<sup>2</sup> home is jaw droppingly beautiful with elegant design, seamless flow and a contemporary vibe. Presenting with an enviable street position overlooking the green belt opposite, there will never be neighbours here so you can enjoy the bushland views encased within the kitchen windows forevermore. Inside the home is a sweeping open plan living and dining area with tiled flooring underfoot and split air-conditioning throughout. Sliding doors open all the way for a seamless transition between the indoors and out with an extraordinary verandah that overlooks the sparkling good sized in ground swimming pool and supersized backyard. The kitchen offers a stone topped island with LED lighting and breakfast bar seating along with sub way tiles over the 900 cooktop and oven, overhead storage and a walk in butler's pantry along with a glorious window that showcases the bushland belt.
