This neat home is perfectly located within walking distance to the town centre & across from the local childrens park with bbq facilities. There is a carport alongside the home & a great front deck for sitting to watch the world go by. Enter the home into the loungeroom with high ceiling & fan plus wood fire. The master bedroom is well sized also with a ceiling fan & pressed tin. The centre of the home is the kitchen which is a fresh white with lino floors, pantry & ceiling fan. The separate dining is a great space with plenty of natural light & flows into another room that has access to the front verandah. This could be a great study, play room or even store room. The second bedroom is accessed from the kitchen or step to the back of the home into the sunroom. This area is freshly painted with the laundry, bathroom & separate toilet. The backyard is a huge space with rear lane access, storage shed & large shed/garage on 1092sqm. Be sure to check out this home
