“Under Offer” with more wanted. Thinking of Selling? Talk to me about our free marketing offer today! There is lots to like about this large 4x2 brick and iron home close to a lovely park. Also, there is plenty of room here with its extended living area complete with a slow combustion fireplace & formal lounge room. The kitchen is neat and functional with all the bedrooms having BIR with the master having a WIR. A large double garage under the main roof has the bonus of drive through access into the back yard. An expansive patio allows for all weather entertaining & rainwater tanks that are plumbed to the house compliment your water usage. Easy care gardens and a fully paved driveway plus solar array feeding credits to the grid completes the package nicely.
