\$745,000-\$795,000

We love it when we get an affordable home that can suit so many types of buyers like this beauty at 13 Kenmore Court. The points that stand out are not just the affordable price range but also the points outlined below that first home buyers, investors, downsizers and upgraders all will want:

- Master bedroom with WIR and ensuite
- Two bathrooms and two toilets
- Two completely separate living areas and a meals area
- Two secure car spaces behind a remote-control garage door with rear access for a trailer/boat.
- Evaporative cooling, ducted Heating throughout plus a ceiling fan and a split system unit in main bedroom
- Tinted windows on three sides of the house
- Low maintenance rear yard with garden shed and a fantastic covered and decked alfresco entertaining area.
- Stainless steel oven, cooktop, canopy range-hood and dishwasher in the light filled kitchen.
- Public transport to schools, shops and the beach at the start of the court. All this and spotlessly presented makes this a very easy choice so call now for an inspection or to have the section 32 emailed.
