Affectionately known as the Waterfall House of the Bays, this uniquely designed home is perfect for the downsizing retiree or the executive couple looking for a tranquil, low maintenance lifestyle. This custom built home is designed to ensure you can enjoy the true beauty of nature's finest rock formation from all areas. Let's not forget the views from your breakfast bar looking over the stunning waters of Horsfield Bay. Outside of the gorgeous feeling you get when you walk into this home and the beautiful views that surround you, this property also offers 2 large bedrooms with a walk-in robe to main, ensuite with deep freestanding bath overlooking the waterfall and 3rd bedroom or home office with built ins. The open plan living areas offer space for lounging, dining and just enjoying the peaceful environment your home is positioned in. The modern kitchen has been designed with chef quality cooking in mind offering a large amount of bench and cupboard space including space to hide away your microwave and coffee machine. To top off a gas fireplace to give the property the ambiance of mountain life. Nothing I say here will actually do this home justice & it is one that **MUST** be seen.
