Beautifully presented and designed to suit families, this welcoming four bedroom home offers classic yet modernised interiors throughout. Addressed in a peaceful leafy street of Mount Martha, the natural surrounds are perfect for those looking for a convenient beachside location but with a sense of privacy. Central living comprises an open plan design with spacious updated kitchen, living and dining space which flow to an uncovered alfresco terrace overlooking a cool fire-pit area and established lawn space for the kids to play. The residence offers a master with walk in robe while three further bedrooms caters to the rest of the family. Outside you will discover a private pool oasis with entertaining deck, positioned cleverly to capture the sun's rays. The classic beachside feel encourages a relaxing atmosphere as soon as you arrive and would lend itself to everyday living or a much loved holiday home.
