13 Park Street, Parkes, NSW, 2870

Bedrooms: 3

Bathrooms: 1

Parkings: 2

Type: House

Renee Rice

PREPARE TO BE TAKEN BY SURPRISE...

Walking up the front steps of this property does not prepare you for the lovely, light filled home that awaits behind the front door. With the options of 3 bedrooms with one lounge room, or two bedrooms with a formal lounge room you have the flexibility to make this home suit your family. The sun that filters through into the spacious eat-in kitchen and back sunroom lends itself to lazy weekends relaxing, while the the verandah at the front is a cosy spot to relax with a cuppa or drink while overlooking the lights of Parkes in the evening. The yard is easily maintained, and has the added convenience of rear lane access to a large double shed with power. This property has an excellent rental history with great tenants currently there, and would make a great investment home, starter or for the retirees.
