A peerless position literally moments' walk from The Strand and equally close to Douglas Parade's shopping options illustrates the desirability of this beautifully proportioned residence and its 422m² approx. allotment. The tone that's established by the setting is matched by the appeal of the spaces, where high ceilings, quality carpets and polished floors are featured throughout. Three bedrooms and two bathrooms, including a main bedroom with an ensuite, lead to a living/dining area of delightful size accompanied by a well appointed open-plan kitchen while a separate lounge offers its own distinctive character and ideal flexibility. A decked retreat and rear laneway right-of-way enhance the tempting garden surroundings of an address that's further enhanced by solar panels, a secure garage and the scope to consider contemporary touches at a time of your choosing.
