This cute 3-bedroom cottage home sits pretty on a 607sqm block in a sought-after, elevated, quiet neighbourhood. The home has been loved for 68 years by the original family, but now it's time to take it to the market. This one has the classic charm of yesteryear with a hardwood timber frame, timber floors (under the carpets) lots of large windows, big bedrooms and high ceilings. There is even the original Rayburn Stove. The home presents in a tidy condition as has been well cared for. There is certainly ample opportunity to renovate, rejuvenate and refresh making the most of the original home. The property is in a liveable condition as it is and presents a great opportunity. The home features:

- Front entry porch
- Large air-conditioned (near new), light and bright, dining and lounge room.
- Tidy original kitchen with decent storage, an electric oven and the Rayburn Wood Stove.
