Rich in beauty, form and function, this landmark home is privately sunken from street level and sits in perfect harmony with the landscape afforded to it revealing some of the best water views Warrnambool has to offer. The bespoke wonders begin upon entry where polished timber floors lead to the light filled main living zones revealing raked ceilings and a feeling of being cantilevered over the Hopkins River below an enclosed "all weather" alfresco area blends seamlessly for entertaining accompanied by the extensive decking spaces for those picture postcard days. The master bedroom and ensuite take full advantage of the vista with further highlights including 2 further bedrooms and self-contained living area with kitchenette and ensuite perfect for guests or income productions, solar panels, 2 double garages (one with loft above)..
