This floorplan of this house is quite incredible...just when you think you have seen everything you will discover that there's still more! You will be spoilt for choice with the selection of different spaces to entertain family and friends, or just relax with your nearest and dearest. Our favourite is the very private North facing rear garden with that lovely pool and all weather alfresco area, but you might prefer one of the indoor areas. There's the big open plan informal living and dining areas, the games room that also boasts big North facing windows and another formal living area back towards the front entry. When it's time to retire for the night there's plenty of options too! The extra large master bedroom features a big walk in robe and en-suite bathroom complete with a huge 2 person spa. Another 3 bedrooms with the main bathroom and powder room area are in a separate zone plus there's a large study or 5th bedroom. Storage is abundant with walk in linen and coat cupboards plus a walk in pantry servicing the well appointed kitchen at the heart of the home. The 3 car garage features a third roller door at the rear to access additional parking space on the West side of the home. An extra wide concrete driveway has plenty of room for a boat or caravan while still allowing 2 cars to move in and out of the garage without too much trouble. Probably the only trouble you will find here is the sort you can create yourself...it looks a great house to host a big party! The location is great too: a nice quiet street within easy walking distance of the secondary school, and just a little further to the primary schools and High Street. This property is currently quite a popular listing on airbnb so please allow a little notice to arrange an inspection. Make sure you leave plenty of time as there's a lot to look at here!
