Welcome to 130 Mitchell Drive Glossodia, a charming and recently renovated home that sits on a spacious 696-square-meter lot. Nestled in a tranquil cul-de-sac, this property offers the perfect balance of modern living and serene surroundings. The owners have just undertaken major renovations with brand new kitchen and bathroom, new carpets, and it's been freshly painted to top it off. The open-concept and split level living gives you high ceilings and plenty of natural light through the home. Enjoy cooking in the fully renovated kitchen featuring new appliances, breakfast bar and ample storage space. The three generous bedrooms are bathed in natural light and situated at the back of the home, offering a peaceful retreat for everyone. There is air conditioning for all year round comfort. Embrace the outdoors in the expansive backyard, with plenty of potential for outdoor gatherings and recreational activities. The property includes a convenient 7 by 6 meter shed ideal for the car enthusiast or tradesmen with plenty of tools, something you don't always get in suburbia. So, if you love the thought of living on acres but don't quite have the budget then this has to be the next best thing. A big block surrounded by acreage blocks down a quiet street, a few minutes drive to Glossodia and Windsor shops, local schools and nature reserves, is a great place to raise a family.
