Only a short casual stroll to the waters edge from here. A block that is central to the township and situated within walking distance to the Marina Complex. A nice level corner block with a few trees scattered throughout. You will love the proximity from here to all the amenities of the township. Easy design of the home here with access in from two street frontages or why not even speak to the council about dual occupancy and build two smaller homes or units? A great block for your next holiday destination!*****CShell Real Estate does not warrant, guarantee or make any representations regarding the currency, accuracy, correctness, reliability, usability or any other aspect, of the material presented on the CShell Real Estate Website and it is recommended that prospective purchasers and users of the website make their own enquiries and seek independent legal advice in relation to the subject property.
