\$835,000

Sitting on a huge, flat block of land with lovingly tended and landscaped gardens, this sprawling family home offers an ideal combination of indoor and outdoor space. What really gets us though is the amazing amount of living space! Entering through the front foyer, a carpeted living room greets you, the first of the three living areas. From here there's a natural flow to the floor plan as you move to the dining room, where wraparound windows let the natural light stream in. Entertainers will love how easily the gourmet kitchen is accessed from here. Tiled for low maintenance, it boasts modern appliances that include an electric cooktop and oven, plus a range hood. Sharing an open plan design with the kitchen is the meals area and family room, where a split-system aircon unit ensures comfort all year round. Sliding glass doors lead out to a tiled and covered alfresco area, the cherry on the cake as far as we're concerned! Four generous bedrooms mean there's room for everyone in this home, particularly as three come with built-in robes. The master bedroom has a walk-in wardrobe, plus a convenient ensuite. A main bathroom with an eye-catching spa bath and a separate shower services the rest of the home. Masses of landscaped backyard space will be a win for parents, pet owners, and anyone with a knack for gardening! The front yard presents a similarly high visual standard, creating an eye-catching street appeal that is compounded by the attractive façade. There's a wide driveway leading to a double lockup garage for secure parking too. In a quiet Forster suburb, you're just a short drive from beaches, shops, restaurants, and amenities. What a combination of coastal living and convenient living! Get in touch today with the JKL team for more information. We'd love to answer your questions.
