Expressions of Interest

Sitting proud on a hill, elevated with a gorgeous vista across Hyde Park and through to the Perth City skyline, this perfectly sized block is just what you need to build your ultra modern home in an equally impressive location. Being presented as a 6.1m wide 228 square metre block, this lot has the benefit of a wide rear access which will allow for an impressive home with an ultra chic front elevation without the visual obstruction a garage or crossover would cause. In an ultra desirable location with demand outstripping supply multiple times over, and the comfort that your views across one of the best parks in Perth cannot be built out, this property will not last long so don't delay and get in touch now to discuss your interest.
