One of our most space-efficient home designs, the Pacific Express features a clever floorplan that makes the most of family life. A welcoming foyer opens onto the private master bedroom with stylish ensuite and walk-in robe. As you walk down the hall, you'll pass a large lounge room before entering the heart of the home - a spacious, open-plan living space comprising kitchen with breakfast bar that flows naturally to the dining and family room before opening onto the outdoor alfresco area. Three remaining bedrooms share a stylish bathroom and central activity room. Taking inspiration from the simple pleasures in life, the Pacific lets you easily enjoy life just the way it should be lived. Allow yourself to imagine the lifestyle you've always wanted; in the home you deserve! The Pacific offers individually crafted facades that will inspire you by providing a choice of homes that reflect your personal lifestyle and preferences. For optimal site use, this design is best positioned on sites with the north aspect towards the side of the home, providing sustainable and comfortable living conditions throughout the year.
