\$820,000

The balance of ease and excellence, the blend of indoor and outdoor – this single level design brings both together to create a brilliant home in a location offering a long list of lifestyle attractions. Flexibility and aspects over a clever courtyard retreat enhance a formal living room that leads to separate living/dining spaces where a low-maintenance backdrop enhances the appeal and an open-plan kitchen delivers space and efficiency. A zone of its own provides the main bedroom, its walk-in robe and fully-tiled ensuite with inviting individuality while 2 further bedrooms share a second well-appointed bathroom. Secure garaging contributes convenience to a clever, functional home, close to Millers Junction, The Circle, Altona North Primary School, friendly parks and Altona Gate Shopping Centre.
