\$1,466,000

Having undergone an ultra-chic transformation complemented by a cascade of natural north-facing light, this trendy two bedroom, two bathroom Victorian terrace is the epitome of easy inner-city living. Impeccably blending together unique vaulted ceilings, ample skylights and gleaming hardwood floors, the property has been recreated to appeal to modern-day styling. While the front of the house has kept its original bones, a versatile lounge leads to the spacious open plan conversation. The stone bench kitchen is well-appointed in premium appliances including dual drawer dishwasher and loads of floor-to-ceiling cabinetry, as the airy meals/family domain offers another space to relax. Host any occasion with the outdoor entertainer's deck overlooking a private and grassy north-facing backyard with double OSP via roller door and easy ROW access. Add to this, robed bedrooms, dazzling central bathroom with concealed laundry facilities and sophisticated ensuite starring a double rain head shower. Further highlighted by hydronic heating, evaporative cooling throughout, split systems and utility shed. Zoned to popular Westgarth Primary School and Northcote High and only 7km to our cosmopolitan CBD, it's also just minutes to All Nations Park, Northcote Plaza/Station, city-bound trams and the lively energy of High St culinary/retail.
