Situated on a fabulous 3.86 (approx) hectare block in the much sought after pocket of Oyster Cove is this wonderful property, originally the award winning Oyster Cove Vineyard. This property has huge scope for development limited only by your imagination, with a large section of the property being north facing cleared land, suitable to re-establish as a vineyard, orchard, a market garden, or even for horses. The spacious but cosy, timber lined home is north facing with lovely valley views. Off the open kitchen, dining and living area is an extra large, charming entertainment deck, semi-covered for all year use. The large living / dining / home office space enjoys the cosiness of a wood heater, as well as an air conditioner/heat pump for year round comfort. The unique timber kitchen has a large box window in front of the sink to take in the fabulous views and features plenty of storage, including a pantry and a delightful breakfast bar. There are three bedrooms (one of which could be converted into 2) plus a study/library. All three bedrooms have built-in robes. The master bedroom features a walk-through wardrobe into the ensuite. Downstairs you will find a unique bath house atrium with bathing pool. In addition there is a separate Studio with a secure storage room. Outside of the home there is plenty to discover including; an established fully netted orchard and vegetable gardens, numerous sheds, a workshop and not to mention 3 permanent spring fed dams provide all the water you will ever need for any agricultural pursuit! This home enjoys the environmental benefits of 22 solar panels on the roof, as well as solar hot water. Just a few minutes drive away from the local Oyster Cove Fruit and Vegetable Store, cafes and shops in Kettering, plus the Oyster Cove waterfront, as well as easy highway access to Kingston (20 mins) and the Hobart CBD (30 mins). This really is a property that has it all! Come see it for yourself, or give me a call to find out more.
