From High \$! Millions

Built in 1926, this beautiful character filled home sits high on the hill with magnificent views over Fremantle, the port and the oceans beyond. Spanning 3 levels of luxury living, the versatile spaces offer endless possibilities. Enjoy spacious, light filled rooms, high ceilings, stunning, wide polished jarrah floors, and beautiful established gardens. An archway invites you from the street into a private, fully fenced oasis, surrounded by high hedges, creating a peaceful garden sanctuary. The bullnose veranda beckons you in to the central hallway and welcomes you in to this special abode, full of warmth and atmosphere. To the front of the home is a formal lounge, a tranquil room to entertain guests away from the main living area. With an open fireplace and flooded with northern light, this could be a lovely, cosy spot to curl up with a book. With French doors opening out to a private enclosed courtyard garden with a pond, this could also make a great fifth bedroom with its own outdoor space, ideal when family come to stay. Across the hallway you will find two generous sized bedrooms, one with external access. Also on this central level is the spacious and light-filled open plan kitchen, dining and family room, boasting two full walls of windows, allowing winter sun to warm the heart of this welcoming home, and offering sweeping views out to the magical rear gardens and beyond. The kitchen, with island bench, is equipped with a gas cooktop, electric oven, wide fridge nook, double sink, dishwasher, range hood, pantry and lots of storage. French doors open onto a generous uncover deck providing the perfect space for relaxing and entertaining. Step down from the verandah into a garden paradise- a cool green retreat during the hot summer months, and filled with northern light in the winter. Upstairs, the expansive master bedroom is a perfect parents retreat, with its own balcony offering ocean views and amazing panoramic sunsets, as well as an ensuite and built in robes. Downstairs, on the garden level, you'll find a very secluded fourth bedroom with French doors opening onto the back garden. The large family bathroom boasts a spa bath, a shower and separate toilet. This high-end property offers timeless character, and a real Fremantle lifestyle, with port and ocean views, magnificent sunsets, lush established gardens and a little bit of history.
