Invest in a tree farm today! Two plantation lots, one is freehold and the other Crown lease, both mainly leased to a reputable large timber plantation firm. Cleared farmland in this sought after Rocky Gully location is bringing very high prices and you still have to farm it! Take it easy when you own this plantation land, not much maintenance to worry about, just sit back, bank the lease rent payments and watch the land prices go. Two tree agreements are registered on the titles and details are available upon request.
