Type: Unit

John Elliman

\$345,000

This beautifully presented 2 bedroom unit is located in the highly desirable Tamboritha Park development and benefits from tranquil "park like" views. There is so much to like. The spacious lounge room overlooks the established grounds as does the dining room and the updated modern kitchen. It creates a peacefulness like no other. There are 2 bedrooms with built in robes, family bathroom, gas heating, split system air conditioning, excellent soft furnishings, extensive paved outdoor area and a lock up garage with remote door. This is low maintenance living at its finest with the benefit of the ultimate in privacy. A perfect entry into the market for the first home buyer, investor or retiree.
