\$430,000 - \$470,000

An elevated two bedroom property where bright light, appealing outlooks and updated spaces mean a 'move in and enjoy' opportunity, this welcoming apartment's evident lifestyle characteristics are matched by its equally exceptional investment credentials. The well planned design delivers a living/dining area featuring new hybrid flooring and pleasing proportions that are complemented by a modernized, immaculately maintained kitchen zone with a leafy aspect. Two double bedrooms, both enhanced by built-in robes, share a central bathroom that reveals stylish fittings and finishes and completes a layout in which each principal space has its own efficient heating. The additional asset of an allocated car space provides this property with another layer of appeal in a location offering convenience, prominence and ideal proximity to North Williamstown station, shopping, cafes and the water. A great gateway address in an area that's always desirable and constantly in demand.
