Prepare to be charmed. This character filled, 1930's, hip roofed timber cottage is full of potential and promise. With higher decorative ceilings, leadlight windows and picture rails, there is so much to love. The dining room opens onto a covered rear deck which leads to the fully fenced backyard, surrounded by hedging. Positioned in such a sought-after location. A short walk to Queen's Park, cafe's, schools and shops.- Pine floorboards throughout- Office nook / sunroom- Updated kitchen with dishwasher- Building and Pest reports available upon request
