\$650,000

This substantial property of around 2.7 acres is both clear and flat and is located ideally close to the center of the picturesque township of Beaufort. The position of the town on the train line to Ballarat and Melbourne is very popular. Beaufort is also very well resourced with its own schools, shopping and a hospital. This is a versatile property that could suit those with animals, love to garden, need space for shedding or just want room to move. The three bedroom brick veneer home has been carefully maintained by the current family with nothing left to do but move in and enjoy. The kitchen has been updated with modern appliances and an abundance of bench space and storage. The meals area is open to the kitchen and also has an attached sitting area with cozy wood heater. The main lounge is very spacious with electric log fire and plenty of natural light. All three bedrooms are a great size with built in robes and well positioned in relation to the bathroom that has separate shower and bath. Other features inside include two split systems, study nook and full laundry. Outside the property is well organised with large double lock up garage, separate paddocks, huge dam, undercover outdoor entertaining area and further shedding/stables. All of this within close proximity to all of the conveniences of Beaufort. This is the complete package that will not last long, contact the exclusive listing agent Dominic Morrison on 0409 557 461 today!TH0412
