Don't miss this! In the flood-free section of Wardell, close to the tennis courts, Police Station and parks, this modern 4 bedroom home is priced for an immediate sale. Our vendors are moving to a retirement home and need to finalise a sale before they move. With 4 bedrooms and 2 living areas plus a covered outdoor entertaining area, the house is large enough for a family but is also low maintenance enough for a couple who don't want a big lawn but still require a spacious house. • Modern 4 bedroom house built in 2010 • 2 separate living areas plus outdoor entertaining • Master bedroom with WIR & en-suite • Large functional kitchen with gas cooktop & stone benchtops • Air conditioned living areas for year-round comfort • Low maintenance yard and gardens
