Situated on a substantial corner block of 779m² in a quiet and quality neighbourhood, this solid family built home has been impeccably maintained by its original owners for over 55 years. Boasting timeless charm and original features this quality 4 bedroom brick home includes concrete stumps, high ceilings, polished floors waiting to be discovered and feature cornices. A 1970s extension is like a separate master suite with its own access via French doors. The original kitchen retains its charming character and is the epitome of a 1960's kitchen in all aspects - 60's style but impeccably maintained. The combined dining/lounge is open and along with large windows allowing the sun to stream in, the high ceilings further enhance the sense of space and airiness within the home. The home has 3 queen size bedrooms with built in robes and main bathroom and with the added extension there is a large master with ensuite. Convenience is at its prime with nearby high school and primary schools, shops and the CBD a very short drive away. There is also a double garage with power and workshop area plus secure side gate access catering to the needs of those with a boat or caravan. This home is a testament to enduring quality and a timeless sense of home.
