You're quite likely to fall head over heels for this totally charming cottage that oozes character including VJ walls and ceilings, coloured glass windows, and timber floors. There's two bedrooms and a separate study, a gorgeous character kitchen, and a cheery blue and white bathroom. The front porch will invite you to sit a while and there's also a rear deck and paved area covered with a shade sail. But the real surprise here is a free-standing second structure to the rear that would be a perfect art studio, workshop or work-from-home spot! This super convenient pocket will see you close to transport (bus and train), shops, takeaway, schools and parks.
