Love The Lifestyle

Embodying the appeal of easy, stylish, contemporary living, this two bedroom plus study residence impresses with generous open design. With no owners corporation, attractively situated in a court, moments to transport and within easy reach of shops, cafes, Moonee Ponds Creek Trail and schools, the sleekly appointed home exemplifies elegant ease. Large living and dining spaces flow to an impressive kitchen flaunting stone surfaces, great storage and stainless steel appliances. A private courtyard beckons for outdoor relaxation, bright double bedrooms with built-in robes share a bathroom with deep bath and separate shower, and the study area hosts a handy inbuilt desk. Complete with a powder room, laundry, storage, polished floorboards, heating/cooling, driveway and direct entry automatic garage, you'll want to see it for yourself.
