There's nothing quite like living in the hills and this gorgeous home has been superbly cared for and set in a quiet culdesac with a tranquil aspect down and back up the hills the lifestyle really is second to none. Built in 1973 it's a solid brick and tile home that's stood the test of time for over 50 years. Set in a whisper quiet pocket of Mount Nasura in an elevated setting and boasting terrific street appeal, the home boasts a fresh and sharp street appeal with easy care gardens beds. Stepping into the home be impressed at the freshly painted crisp white interiors contrasting with the rich solid jarrah floors. The lounge is a good size and boasts lots of natural light streaming through the big front window. A stunning kitchen will impress the fussiest of chefs with heaps of bench and cupboard space as well as a BRAND NEW 900MM OVEN and a cool Aqua Splashbacks. The kitchen/dining room seamlessly integrates with the outdoor entertaining. The whole house has just undergone a repaint in light and bright neutrals and there's nothing left to do but kick back and chill! The master bedroom is a great size with large built in robes while the secondary bedrooms are also a good size. The bathroom is stylish having been renovated in classy white and aqua tiles plus a large bath. Outside there is a large raked patio, designed as not to impede on the aspect down and back up the valley. Established trees, lawns and gardens make this such a inviting place to be. There's also a Solar Power System that keeps the bills to a minimum. An amazing home in an even better location! Call or SMS Con Mathews on 0402 235 535
