WHAT WE LOVE//This fantastic home is certainly not your cookie-cutter design and is much bigger than many homes of the same age. This is an incredible opportunity for first home buyers, young families, and especially investors, offering the chance to enter the market at a great time to buy and lay the foundations for a perfect investment in the future. The fact that you get an 810m² lot that also has development potential, with a great home at this price, is truly an opportunity that should not be missed. The side access to the rear is not only great as you have the workshop but also for retaining and building options for the future. Click on the map and see for yourself!
