Lovely rural view and stunning outlook to the mountains are a focal point of this charm filled weatherboard home, and along with the character features and white picket fence, make this the perfect treechange treasure or country cottage. A three bedroom layout atop hardwood floors is highlighted by decorative plasterwork and cornice and crissall windows, adding gorgeous character appeal. Step inside to an inviting open plan living/dining space and country kitchen complete with rich timber cabinetry and stainless steel appliances including dishwasher. A 2nd living space off this lovely room features a split system heater/air conditioner. Soak in the clawfoot bath in the fresh updated bathroom along with separate toilet and three privately zoned bedrooms. What would a country garden be without veggie beds, fruit trees and roses, not to mention a chook shed, this wonderful home has them all along with a large covered entertaining deck taking in the view, garden shed and single carport. And then there's the location, wander down to the Patisserie for breakfast or lunch, pick up some locale cheese and bread from the Fromagerie and Artisan Bakery, there's even an organic bulk goods store at the end of the street. It's also an easy walk to Wesburn Primary and the Warby Trail.
