\$1,100,000

Beautifully enhanced to cater for all growing families, this extremely spacious three bedroom, two bathroom home promotes a relaxed entertainer's lifestyle with the seamless transition between indoor/outdoor comfort. Resting on a large 615m² approx. block and beyond its landscaped front garden, it blends decorative cornices, original hardwood finishes including doors and floors with a light-filled open conversion. The front lounge features a contemporary fireplace, while the fully-equipped kitchen stars premium s/steel appliances including dishwasher, standalone island and ample shaker-style cabinetry. Designed to host at home, the airy meals/family domain leads through bi-fold doors with built-in fly screens, to an under-cover deck with automatic electric café blinds and an adjoining pet-friendly backyard. There is also a lockup garage, carport and lengthy driveway OSP via electric r/c gate. Further highlights include stylish bathroom/ensuite, master with deep WIR, double glazed windows, heat/cooling, alarm and outhouse (third) toilet. Delivering immediate move in comfort within a peaceful pocket, yet also moments to schools, West St amenities, South St buses, leafy parkland and access to major freeways.
