**\$1,665,000**

Rarely does a Green Title terrace house in the heart of North Bank become available - especially one which has been fully renovated! Feeney Street is the premiere street in North Bank and #14 is on the coveted northern side. Overlooking the park, this home is in a peaceful and private pocket of North Fremantle where you can tangibly see the community. Beginning your approach at the Park, you cross to the home and your journey inside continues to grow. Large living areas, floor to ceiling windows bathe the home in natural light creating a serene sense of space. The Social Hub of the home is also the highlight with an enormous kitchen with grand island bench. Incredibly well thought out and well designed this kitchen will certainly impress. The bedrooms are upstairs with a large master suite to the north and 2 additional bedrooms overlooking the park. This home has a wonderful blend of style, quality, comfort and size all whilst being in a community minded, quiet and secure location. 14 Feeney Street is the perfect option for those looking for a easy, low maintenance lifestyle where you can spend your time by the river, beach and all things that make North Freo such a wonderful place to live. Contact the Agent - Nick Holt - for full details.
