\$690,000 - \$750,000

Set against the backdrop of an urban-style laneway, this renovated home offers a blend of city chic and thoughtful design. The interior is highlighted by polished concrete floors and high ceilings that create an airy, open feel, with the tallest point reaching 3.5 metres at the rear and the lowest point, still lofty at 3.1 metres. The living/dining room, warmed by a fireplace, opens out to a north-facing courtyard through sliding doors, providing a sunny, easy-care extension of the living areas. The kitchen, with its stone benchtops and splashback, extensive storage, oven, induction cooktop, dishwasher and plumbed fridge option, is equipped with everything needed for daily cooking and entertaining. The main bedroom is a private retreat, complete with built-in robes and an ensuite that showcases the added luxury of a heated towel rack. The two additional bedrooms, each with built-in robes, share access to a family bathroom, also appointed with a heated towel rack for that extra touch of comfort. Top of the range skylights throughout the home bathe the spaces in natural light and are fitted with an automatic system that closes them when it rains, or can be operated manually. Additional features include a split-system air conditioner, ceiling fans throughout, double-glazed windows for enhanced energy efficiency and climate control. The laundry features a stone bench top and is practical with a pull-out basket, and an attic provides ample additional storage. Its location offers easy access to Public Transport and is ideal for a variety of homebuyers, being close to Bentleigh Secondary College, St Peter's Primary, Tucker Road Primary, around the corner from King George VI Memorial Reserve, and the popular Korner Café, with the Centre Road's shops and eateries, Chesterville Road shops and GESAC all in walking distance. This is easy living!
