## Offers Over \$650,000

Set behind the quintessential picket fence on a quiet street in the Valley, this three bedroom, two bathroom cottage style home offers everything you need on a lush block with no rear neighbours. Fully air-conditioned with split systems throughout, all three bedrooms offer built-in-robos, with the master featuring a stylish ensuite. The main bathroom offers shower over bath as well as a separate toilet. The central kitchen is open and functional, with modern appliances, dishwasher, breakfast bar and plenty of storage throughout. A full sized laundry provides extra flexible storage. Multiple living areas inside and out make this an ideal home for entertaining, with the partially enclosed patio ideal as an oversized dining room, extra lounge, media room or spacious home office. Outside, lush is definitely the word, with the inground pool surrounded by your own leafy oasis, with plenty of space for nature lovers (or lawn, if you prefer the easy care route). Bountiful bird life and lots of room for four legged family members. The fully fenced block has a double gate to the rear boundary, with access via the neighbouring reserve. Move-in-ready, there is still opportunity for an incoming buyer to quickly value add and make this home their own - a little effort to enjoy a lot of reward. Get in quick, call Tom Quaid at Quaid Real Estate to see it for yourself.
