With 5 bedrooms, 3 bathrooms and triple car accommodation, the home is large enough that everyone has their own space. Truly built as a family home and with entertaining at the heart of it, the large kitchen features stone bench tops and top of the line appliances. The kitchen flows onto the dining room, the purpose built bar and one of the living areas which opens up to the outdoor entertaining area that enjoys coastal breezes year round and overlooks the huge pool and the backyard. Each of the bedrooms open up to their own balcony or outdoor area with the main bedroom situated on the upper level for extra privacy. Additional bedrooms are spread across the main level of the home. The home offers year round enjoyment with everything a family could want - space for everyone across a clever and well thought floor plan, easy, low care gardens, a beautiful pool with large deck, a 3 car garage for the toys and even a garden shed for the tools. Meticulously planned, the size and versatile design has to be seen to be believed.
